How to Join & Get Started

Becoming a member is simple — follow these 6 easy steps

Every new member must be invited by an existing GoldenWay member. Ask your sponsor for their personal referral link. This link automatically places you in their Left or Right team.

2

Register Your Account

Click the referral link and fill in your details — name, email, phone number, and a secure password. Your sponsor's information is captured automatically.

3

Verify Your Email

An activation email will be sent to you. Click the confirmation link in the email to activate your account. This protects your account and ensures only you can access it.

Add USDT to Your Wallet

Deposit USDT into your GoldenWay wallet. You can send from any crypto exchange or wallet to your unique GoldenWay deposit address shown in your dashboard.

6

Subscribe to a Plan & Start Earning!

Use your wallet balance to subscribe to a membership plan. Once subscribed, you are now an **Active Member** — all income streams activate and your earnings begin immediately.

Tip: The sooner you subscribe and start building your team, the faster your income grows. Your Left and Right team businesses directly determine your daily binary income — balance both sides for maximum reward.
